Examiner's Statement of Reasons for Allowance

1. This Examiner's Statement of Reasons for Allowance is in response to the AMENDMENT entered on August 10, 2005 for the patent application number (09/427,680) filed on 10/27/1999.
2. While the cited art, Evans et al (WO 01/44918 A1), Taylor et al (US Pat No. 6,034,687), Webb (Pub No US 2003/0011639) and Wishoff (Pub No US 2002/0051017) discloses most of the claimed subject matter of the instant claims as shown and explained in the previous Office Action, but none of the cited art, however, taken alone or in combination, teaches or suggests "displaying a notification object in a first state, which indicates the target object, contains said information message corresponding to said condition and maintains its position relative to the target object even if the target object is moved, in a persistent manner until dismissed by a user while enabling the user to continue interaction with an application program corresponding to said target object" as claimed in all independent claims 1, 18, 19, 20 and 26.

Accordingly, for the above reason, claims 1-7, 10-14 and 16-33 are allowable over the prior art.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
